

**What do you need to use the Oxygen Systems in LVVSA Gliders**  
**Prices are Wings and Wheels, [www.wingsandwheels.com](http://www.wingsandwheels.com) in Summer 2006**

**Mask \$8.95**

**Cannula** (either one)

Aero Standard \$8.95

Oxymizer \$29.95

**Either A4 Flow Meter**

Note: Smaller scale on A4 is for Oxymizer cannula.  
 Larger Scale for standard cannula or mask.  
 Cannula is only calibrated to 18,000ft. Flights above  
 FL180 require the mask.

**A4**

**Or Aerox Flow Meter**, dual scale for  
 Oxymize Cannula. \$54.95

**Quick Connect Ryan CPC**  
 coupling insert \$3.95

Only need the nylon connector  
 on right side. The metal part on  
 left is in the glider. Some times  
 the right side part is found in metal.

**Optional:** Quick connect to change between  
 Mask and  
 Cannula  
 (need 2)  
 \$5.95/set.
